A = Amended
R = Renewal
N = New

Full Time Equivalents (FTE)

- Account for 94% of the IDHS workforce
- Currently 99% of our authorized full-time employee positions are filled
- Distribution of the full time workforce is as follows:
 - 48% in Institutions ** (see Table A)
 - 38% in Field Offices
 - 35% Income Maintenance
 - 10% Abuse assessment/investigations
 - 27% Child/Adult services
 - 21% Support/Technology
 - 5% Resource development and program support/training
 - 2% Administration
 - 7% in Central Office
 - 5% in Child Support Offices
 - 1.5% in Case Management Office
 - .5% in Refugee Services Office
- County contract staff in child offices (172 personnel which support child support case work) – not reflected in diagram above.
- Currently transitioning contract staff to State 49 FTE's (Employers Partnering in Child Support - EPICS) – not reflected in diagram above.
- Fiscal Year 2002 – Proposal to begin transition of contract staff to state FTE's (14).

Merit Resources – Professional Employee Organization (PEO)

Beginning in 1998, Merit Services staff are typically used for work periods greater than 180 days and provide hard-to-fill services, professional or support functions that are necessary to the Department functioning on an as-needed basis.

- Monthly average for period July through December 2000 is 206 or 3% of the IDHS workforce.
- Distribution of the Merit Service employees is as follows:
 - 16% in Central Office – technical writers, mental health specialists
 - 35% in Child Support Office – enforcement, technical writers, case support
 - 4% in Refugee Services – case managers, employment specialists, client transportation
 - 23% in Institutions – psychiatrist, physician assistants, direct care, teachers
 - 22% in Field Offices – case aides, client transportation, track client progress
- Re-employed retirees: 16 of the 17 have been re-hired through Merit Resources.
- Excluded are 16 individuals from ISU working in collections and financial management.
- Criteria used to hire Merit Services staff include:
 - Typically work for periods greater than 180 days
 - Adequate fiscal resources available
 - Lack of the availability of full time employees (FTE)
 - Unique skill sets, expertise
 - In the case of retirees:
 - Is a succession plan in place
 - Criticality of expertise

Information Technology (1680) Contracts

Beginning in 1985, the Department of General Services offered the means to employ Information Technology staff to develop, support and maintain information systems and applications for the state agencies.

- Total number of information technology contracted personnel is 109 or 2% of the IDHS workforce (July – December 2000)
- Information Technology contracts are established and managed by General Services.

- Criteria used to hire Information Technology Contract staff include:
 - Availability of full time employees (FTE)
 - Do current staff have necessary skill sets?
 - Do we have the funding/budget?
 - Does the business need require a short term or long term commitment?

Temporary Agency Personnel

Beginning in 1988, Temporary Agency staff are used for work periods less than 180 days and generally provide emergency or intermittent support for the Department's programs and service delivery areas.

- Total Olsten Temp workers is 29 or 1% of the IDHS workforce
 - In the Central Office 17 are food stamp clerks and 6 are clerical support
 - 17 of the 29 workers are used throughout the reporting period for the same functions (to assist in food stamp distribution) which is needed consistently, however, not on a full-time basis, therefore, more than the use of a full-time position
 - In the field, there are 6 clerical support
- Criteria used to hire Temporary Agency staff include:
 - Typically work for periods less than 180 days
 - Adequate fiscal resources available
 - Work is temporary in nature

II. IDHS Personal Services Contracts

SFY 2001 Contract Data

The Department currently records 1176 contracts identified as “personal services contracts”. This figure excludes current multi-year contracts initiated in a previous year. The purpose of these contracts is the purchase of services rather than additional staff. These contracts are generally awarded to one or a very limited number of vendors.

The program divisions within the Department hold the majority of these contracts. The Division of Adult, Children and Family Services (ACFS) has the majority of the contracts. The ACFS contracts are primarily for juvenile justice services provided directly to youth who are adjudicated or at risk of adjudication as delinquents and for decategorization services developed to meet unique needs of children and families.

Total DHS contracts listed to date for SFY 2001 – 1176 *		
Program Divisions (ACFS, Medical, Economic Assistance, MH/DD)	845 (72%)	Of those 845, 691 (82%), are held by ACFS. The majority of these are for juvenile justice and decategorization services
Facilities	138 (12%)	Professional services (dental, pharmacy, eye exams), pest control, etc.
Support Divisions and other units of the Department	193 (16%)	Child Support Recovery Unit– 100 (9%) Organization & Development – 52 (4%) Refugee Services – 28 (2%) Other – 13 (1%) (Office of Field Support - 6, DD Council - 5, Director’s Office –1; Division of Data Management - 1)

*This number is exclusive of current multi-year contracts initiated in a prior year.

Broad Categories of Steps in the Contracting Process

In order to assure that the Department is responsible in its contracting, the following is the framework to be used.

Decision to contract out	<ul style="list-style-type: none"> • Is this an activity for which it is appropriate to contract? <ul style="list-style-type: none"> • Is this a short-term project? • Does the project require specialized skills? • Is an outside resource needed for objectivity for a project such as an evaluation? • Is the flow of work to be accomplished uneven or cyclical in nature, which would require ability to adjust staffing patterns quickly and frequently? • Should the Department use a competitive process for selecting a contractor or is sole source procurement appropriate?
Issuance of RFP & Selection of contractor	<ul style="list-style-type: none"> • Developing the RFP and contract so that the scope of work and other contract terms and conditions are clearly defined in a manner sufficient to serve as the basis for a bid and to hold the contractor accountable for the desired deliverables. • Assuring that all communication and the selection process (notice of intent to issue an RFP, handling of communications regarding the RFP, responses to questions, evaluation criteria, evaluation panel) are carried out in such a way as to protect the Department from accusations of favoritism or conflict of interest.
Monitoring and evaluation	Monitoring contracts to confirm adherence to the terms and conditions of the contract and that service is rendered. Evaluation to determine if the contract, as written, accomplished the intended purposes or achieved the desired result.

III. Open Enrollment Contracts

The Department also has a large number of contracts for medical and social services to clients which can be referred to as “open enrollment” contracts. The Department enters into these contracts with any provider who meets the contract terms and conditions. There is no guarantee that the Department will purchase services under these contracts.

This type of contract allows the Department to make services geographically available and accessible and to assure that services are delivered in such a way as to meet the unique needs of the client.

Examples of this type of contracts are provider agreements with providers enrolled in the Iowa Medicaid program, Rehabilitative Treatment and Supportive Services contracts, and Purchase of Social Services contracts.
